WHY CHOOSE 3YO WG?

"Success is always within reach when you have the right tools."

Because every operator deserves a product that simplifies, empowers and provides the best results.

Forget about shelves full of different products!

Minimize mistakes, maximize productivity with a 100% natural and biodegradable liquid.

WHERE CAN YOU APPLY 3YO WG?

- **Protection** of the laser cutting machines nozzle and sensors
- **Welding MIG/MAG**, electrode for the protection of the torch and surfaces
- **Stud** welding surface protection
- **Grinding**, to increase the lifetime of the disks
- **Lubricant** for drilling, threading
- **Lubricant** and penetrant
- **Laser tube** to avoid internal spatter
- **Protection** of paint guns
- **Cleaning and degreasing** of industrial surfaces
- **and more!**

As 3YO WG is certified for welding operations, it is safe to apply directly on the areas to be welded.

WHY IS 3YO WG DIFFERENT?

- **Multi-function**, it replaces dozens of products
- **100% natural**, no silicone, ceramic or any other toxic substances
- **Green and made in Italy**, highest performances without compromises
- **Easy and safe to use**, eliminates possible mistakes and simplifies work
